GIVE YOUR MEETING A HEALTHY BOOST

INCREASE PRODUCTIVITY

When holding a meeting with a full agenda, it is sometimes difficult to maintain optimal productivity from your delegates. Many factors can affect this ranging from a bad night's sleep to a person's physical health.

So, to help you make the most of your off-site meeting, we have created an energising meetings package designed to help keep your delegates focused on the task in hand and give your delegates the boost they need to ensure that your meeting is not only successful but also enlivening and ultimately that little bit different.

STIMULATE THEIR SENSES

Aromatherapy has been proven as an effective method for increasing productivity and focus. As part of our 'Business Boost' meetings package, there will be energising reed diffusers in your meeting room which will help to revitalise, enliven and awaken the senses.

Food also plays a considerable role in delegates performance, which is why we provide a selection of fresh fruit and energising snacks for break-times and an array of salads and healthy dishes in our riverside buffet restaurant Leftbank for your lunch break.

For a genuinely stimulating experience, treat your delegates to one of our 15-minute express treatments, which include de-stressing shoulder and upper back massage or a deeply soothing scalp massage**.

GIVE YOUR MEETING A HEALTHY BOOST:

Our 'Business Boost' package includes:

- Free car parking and complimentary Wi-Fi
