JAPANESE SPICE GARDEN £13.00

Roku is produced in the Suntory Liqueur Atelier at a specialized craft distillery for spirits. The Atelier features four distinct types of pot stills, the botanicals are distilled separately according to each feature to extract the best flavour and maintain their individual characteristics. Cherry blossom is drawn out through vacuum distillation in stainless pot stills, whereas the deep flavour of yuzu is achieved by distillation in copper pot stills. Roku's complex yet harmonious flavour is the result of the unique Japanese sensitivity captured in the blending of the carefully crafted extracts of the 14 botanicals.

Our perfect serve – Roku Gin, Fever-Tree refreshingly light ginger ale, vanilla infused dried ginger

VINTAGE BRITAIN £11.00

Blackwoods is the original vintage gin, made in small batches using a traditional copper pot still. Each vintage is subtly different in flavour, which is determined by the availability of the handpicked Shetland botanicals.
